STATE CANDIDATE QUESTIONNAIRE 2012

A candidate's position on life issues is important to pro-life voters. Whether sponsoring legislation, setting policy, or making public statements, the candidates we elect are crucial for promoting the sanctity of life. Please identify your positions on the following issues.

Candidate Name: Lonnie Bowling Candidate Signature: Lonnie Bowling

Phone: 513-533-1111 Email: lbowling@righttolife.com

Position and District Sought: State Representative - 28th district

Have you previously held any public office? Please specify: NO

The 1973 U.S. Supreme Court decisions in Roe v. Wade and Doe v. Bolton did more than just "legalize" abortion-on-demand; they prohibited virtually any federal, state or local laws from protecting pre-born children from death by abortion throughout all nine months of pregnancy.

1. Do you support reversal of Roe v. Wade and Doe v. Bolton?

- YES
NO

Comments: all do support the reversal with only one exception. if the mother is going to have her health possibly die because of the birth she has the right to live and have another child.

2. Do you support federal and state legislation to ban abortion-on-demand from fertilization to birth?

- YES
Yes, with exceptions (please explain)
NO

Comments: The only exception would be if the mother's health or death would result in having the baby. Other than that all do not support abortion.

3. Do you support legislation that prohibits distributing tax money for any reason to organizations that promote or perform abortions?

- YES
NO

Comments: The citizens of this country should not have their tax dollars going to an organization that performs abortions if they do not support it. Tax dollars should not be used for this because the people that choose to have abortions should pay for it. NOT the tax payers.

4. Do you support medical standards, regulations, and inspection of abortion facilities?

- YES
NO

Comments: We should know what is going on in these facilities. There should be inspections because they are probably dirty and these doctors that perform the abortions may not know all the details of the medication they are prescribing. If there are regulations then they should be enforced and not relaxed like so many other issues.

5. Do you oppose abortion being funded, subsidized, or otherwise promoted in government programs or education?

- YES  
 NO

Comments: Abortion should not be funded, subsidized or promoted in government at all. Education should teach young people not to have sex. If they have sex then they know the choices that may come their way. Students should know that abortion is awful and they should protect life.

6. Do you oppose any legislation that promotes or encourages healthcare rationing for the elderly and other vulnerable people?

- YES  
 NO

Comments: Health care should be for everyone. This is America and we should not be rationing health care at all.

7. Do you support conscience protection legislation for healthcare workers who do not want to participate in abortions or other immoral practices?

- YES  
 NO

Comments: Workers that do not wish to participate in these acts because of religion or certain beliefs should not have to. This is America and we used to stand by the word of the Lord. The word of the Lord says that abortion is wrong and we have to protect life at all cost.

8. Do you support legislation prohibiting the killing of human embryos used for scientific research?

- YES  
 NO

Comments: The killing of human embryos for science is wrong. We need to give these embryos the chance to grow and live. Science has taken it to far when they want to kill human embryos.

9. Do you support legislation prohibiting all cloning of human beings?

- YES  
 NO

Comments: Yes I very much oppose this. Human beings were not suppose to be cloned. There is no reason for humans to be cloned. Once you time is up on this earth that's it. This is ridiculous for it to even be happening.

10. Do you support legislation prohibiting assisted suicide in Ohio?

- YES  
 NO

Comments: Anyone that participates in assisted suicide should go to jail. We are not here to choose when people should die. The lord makes that decision and we should leave it to him.

11. Will you vote for leadership in the Ohio House/Senate who upholds pro-life principles?

- YES  
 NO

Comments:

As long as the leadership upholds what I believe and that is pro-life I would support them. If they do not they count on not getting my support

12. List all organizations to which you have contributed time or money in the past four years.

I have included a bio so that you can get to know me better.
